FATIH ALPER VURAL – INDUSTRIAL ENGINEER

Ankara, TR | No: +90 546 263 4052 | fatihalpervural@gmail.com | linkedin.com/in/fatih-alper-vural/

EXPERIENCE

EnerjiSA Retail *Ankara, TR*
Customer Operations Specialist *August 2023 – February 2026*

- Automated reports using VBA, reducing manual workload by 15%.
- Developed a VBA script for automated customer emails, saving 3 workdays per month.
- Migrated reports to Power BI, improving readability and flexibility.
- Provided technical support to the Scrum Master, fostering agile collaboration.
- Created performance reports (SAP, SAS, Excel), achieving a 130% performance rating.

Türk Traktör *Ankara, TR*
Production Development Assistant *October 2022 – July 2023*

- Automated reports using VBA and Excel, saving 8 hours per week for engineers.
- Implemented Power Automate for automated email dispatch.
- Developed Power BI dashboards for improved data visualization.
- Designed a Power Apps solution for attendance tracking, increasing efficiency by 10%.

Arvato Bertelsmann SCS *Istanbul, TR*
Systems Design Project Member *September 2022 – July 2023*

- Assisted OPEX team in optimizing sorting stations, reducing processing time by 20%.
- Developed a mathematical model for line balancing, achieving 12-28% efficiency gains.

EDUCATION

Middle East Technical University (METU) *Ankara, TR*
Majored in Industrial Engineering *July 2023*

- GO Club Member – Co-organized a national GO tournament.
- METU Alumni Association Member

INTERNSHIPS

ITC – *Digital Transformation Intern* *Ankara, TR – Summer 2022*

- Developed a database application using MySQL, phpMyAdmin, and C#. App used in pilot.

BVN Air – *Production Intern* *Istanbul, TR – Summer 2022*

- Observed production processes and reported the possible areas of improvement.

ADDITIONAL

Technical Skills: Excel, Power BI, Power Automate, Power Apps, VBA, Python, SAS, UiPath, MySQL
Soft Skills: Process Optimization, Teamwork, Project Management, Lean Six Sigma.
Languages: Turkish (Native), English (Fluent), German (Basic).
Certifications:

- **IELTS: 8.0 Overall Score**
- **CPR (First Aid Certification)**
- **TOEFL ibt: 97 Overall Score**

PROJECTS

- Opera: Developed an ML algorithm for case classification(KNN & SVM, 90%+ accuracy).
- CaseGO: Led a team to automate case categorization and handing using LLM, NLP and RPA.
- Optima: Partnering on the project of optimizing “Unlicensed Producer” processes from start to finish.
- Optima: Leading on the project of creating a decision-making algorithm to sort the work data.
- Ideathon: Submitted a ML algorithm to improve HR’s talent improvement program. (Finalist)
- NAR: Submitted a supervised artificial intelligence algorithm and a mathematical model to optimize electrical charging stations’ locations. (4th Place)
